Engineering manager ♦ 15+ years in software ♦ remote since 2020 ♦ ex-Gogler/USAF vet

## Work Experience

### Signify Health

March 2023 – Present

C#, TypeScript, Node.js, SQL, k8s, Docker, Terraform, GCP, Claude/Codex, DORA metrics, Scrum, LaunchDarkly, NewRelic

Software Engineering Manager (Engineering Enablement)

August 2025 – Present

- Led 4 SWEs, supported 30+ eng teams. Partnered with Principals & SRE to establish org-wide standards
- Automated SDLC with AI agent fleet; from POC to 100+ repos in 6 mos, now merging 700+ PRs/month
- Hands-on EM: user surveys, backlog pruning, planning, hiring, 1:1 mentoring, reviewing & shipping code

Software Engineering Manager (Scheduling)

August 2024 – August 2025

- Directed 9-SWE team to harden code when on-call; deliberate improvements eliminated near-daily alerts
- Cut web app latency 90% (mins ⇒ secs); identified cause, coordinated fixes across repos and teams
- Unified support intake for 6+ teams, improving coordination; better visibility helped prioritize bug fixes

Senior Software Engineer (Scheduling)

March 2023 – August 2024

- Created route optimization service using open source OR Tools; replaced GCP service, saving \$30K/mo
- Drove feature flag adoption via LaunchDarkly wrapper; enabled phased feature rollouts & reduced MTTR

### Google

March 2022 – March 2023

Java, TypeScript, SQL, gRPC/protobuf, feature flags

Software Engineer

- Full-stack SWE for internal Payments Platform; shipped features for microservices, frontend, and DB

### Sovereign Sportsman Solutions

May 2021 – March 2022

C#, Entity Framework, Vue.js, SQL, Kendo UI

Senior Software Engineer

- Oversaw the full project lifecycle. Gathered requirements, demoed mock-ups, supported post-release

### CGI, Inc.

March 2020 – May 2021

C#, SQL, Jenkins, SonarQube

Software Engineer

- Led automated testing effort. Refactored legacy service to invert deps, raised coverage from 0% to 70%

### U.S. Air Force

May 2011 – May 2022

C#, ASP.NET, Microsoft SQL Server, SVN, Python, JavaScript, Visual Basic, Security+

Manager & Trainer @ Cybersecurity unit (Reserves)

2020 – 2022

- Managed three direct reports. Wrote performance reviews/disciplinary plans, gave career mentorship
- Taught Windows/Linux terminal & Python scripting, public speaking. Automated Splunk query-writing

Instructor @ Airman Leadership School

2016 – 2020

- Taught 300+ Airmen. Automated instructor duties with JS/VBA scripts, enabling 30% larger classes

Programmer @ Air University

2011 – 2016

- Hardened vital web apps. Fixed 262 security risks, upgraded from deprecated APIs, sped processing

## Education & Training

### Trident University International

BS, Computer Science (2019)

Summa cum laude, 3.97 GPA

### Community College of the Air Force

AS, Computer Science Technology (2015) ♦ AS, Instructor of Technology & Military Science (2017)

ALS (2015) ♦ EPME Instructor Course (2016) ♦ NCO Academy (2021) ♦ SEJPME I (2021)
